SOBOTRAM GROUPE BLONDEL

Transport: full lot, partial lot, courier, express, mono-parcel, shopping, vehicle rental. Logistics: 42,000 m² of warehouses on Chalon, possibility of storage of hazardous materials. 1 warehouse in Luxembourg

France

TLV EURO ENGINEERING FRANCE

Manufacturer of products for the Control and Regulation of Industrial Steam. Energy audit services. Training center with test bench.

France

EDWARDS

Manufacturer of vacuum pumps: Dry vacuum pumps (new range!), Lab pumps (dry or oil), Roots, Liquid ring pumps and Air ejectors.

France

BARRIQUAND TECHNOLOGIES THERMIQUES

Design and manufacturing of heat exchangers. Our complete range allows us to meet all thermal needs. Heating, Cooling, Evaporation, Condensation.

France

EUREKA INDUSTRIES

Eureka Industries is the French leader in continuing training in pumping technologies, fluid mechanics, industrial vacuum, etc. Eureka trains both BE staff and those in the production and maintenance department.

France

SPEICHIM PROCESSING GROUPE SÉCHÉ

Treatment and purification of solvents (Groupe Séché Environnement).

France

SOLVAY LYON RESEARCH AND INNOVATION CENTER

Chemical industry: polymers, fine organic chemistry, pharma active ingredients; Silica...

France

LAB SERVICE

Custom grinding-particle size analyses. Custom micronization.

France

DAVIOUD PHARMA, SAS

Pharmaceutical Laboratory.

France

DSM - FIRMENICH SA

Chemistry, Fine Chemistry, creation of flavours, perfumes and vitamins.

Switzerland

ACTEMIUM LYON PROCESS AUTOMATION

Actemium is VINCI Energies' benchmark brand in industry, bringing together all of its activities in electrical engineering, automation and production in Europe.

France

BIAZZI SA

Engineering and technology company - processes, technologies and installations for the production of explosives, nitro-aromatics and hydrogenation.

Switzerland

CELSIUS

CELSIUS benefits from an unquestionable savoir-faire in the world of process equipment. The engineering of equipment requires a vast knowledge and experience in such various fields as processing design, chemical design, fluid mechanics, thermodynamics, hydraulics, thermal technology and process command.

France

ARNANO

Microscopic-scale etching of thin dielectric and metallic films, deep etching of hard materials (glass, sapphire) for lab-on-chips, metrology and traceability applications.

France

ELKEM SILICONES FRANCE SAS

Manufacture, development and marketing of silicone elastomers (oils, resins, emulsions, etc.) for the coating of technical fabrics.

France

INEVO

Technical assistance and expertise in industrial process engineering, studies, audit, diagnosis, optimization and industrialization of processes, R&D/Production/Engineering interface.

France

PANCOSMA FRANCE

Production of additives for animal nutrition.

France

FAURE QEI

Over 18 years of technical and scientific expertise in ultra-cleanliness and the control of contamination, whether particulate, microbiological or chemical. Engineering: design / production / acceptance. Fluids and Electricity.

France

SYNGENTA CROP PROTECTIONS SA (MONTHEY - SWITZERLAND)

Agrochemicals Manufacture of plant protection products

Switzerland

Preliminary list of participants - 27/11/2023

TEXTEL

Design office specialized in environmental issues in the textile and clothing industry

France

MANUFACTURE FRANCAISE DES PNEUMATIQUES MICHELIN

Tire manufacturing.

France

PROBAYES

For more than 15 years, Probayes has been involved in Artificial Intelligence and Data Science thanks to different areas of expertise such as machine learning, sensor fusion.

France

SELVERT

SELVERT produces and markets environmentally friendly products for local authorities.

France

ECLARCY

Sustainable solutions for water on behalf of major chemical and pharmaceutical manufacturers.

France

LFB SA

French Fractionation and Biotechnologies Laboratory.

France

LES BREUVAGES DU VOIRONNAIS (ANTESITE & NOIROT)

Plant extractions. Manufacturing of ingredients for the food industry – Manufacturing and packaging of beverages.

France

AC GM

ACGM is a French workshop specialized in the shaping of technical fabrics. Manufacturer of Insulating Mattress and Heating Mattress. ACGM makes your custom pieces according to models or surveys on sites.

France

JAM TECHNOLOGIES

Chemistry for industrialists who commission me to find precise technical solutions (process and equipment). Project maintenance.

France

PROESIS.

Energy of industrial processes. Optimal utility management,

France

ATC - ATELIER TECHNIQUE DU CUIR

Manufacture of chemicals for the leather industry.

France

MAISON EUROPÉENNE DES PROCÉDÉS INNOVANTS (MEPI)

Demonstration platform, optimization, industrialization of continuous innovative processes for synthesis, crystallization, isolation for players in fine chemicals, pharmacy, specialty chemicals.

France

DUNKERQUE PROMOTION

Economic development agency of DUNKERQUE and its region.

France

VON ROLL - TECNYX AUTOMATION

Manufacture of paints and varnishes.

France

AZO

AZO - the specialist for automated handling of raw materials and of processes.

France

RDSI ENVIRONNEMENT

Design and Engineering Office - Project Management Chemistry and Petrochemistry.

France

BOEHRINGER INGELHEIM SANTÉ ANIMALE

Pharmaceutical industry.

France

ATAUB ARTO ARCHITECTES

Architect Office for Industrial buildings

France

AJR CONSEIL

Process Engineering for industrial investors

France

SEQENS

Chemical and pharmaceutical industry (specialty ingredients).

France

FEUCHT

Sales company for representation of industrial machines intended for the fine chemical industry (filters, dryers), to the environment (solids handling membrane pumps), in the continuous handling (vertical Conveyor for bulk goods and Unit loads).

France

Preliminary list of participants - 27/11/2023

KLÜBER LUBRIFICATION FRANCE

Design, recommendation, sales and service throughout the world. Special lubricants for the food and pharmaceutical industries Oils, greases, lubricating and assembly pastes, NSF H1 approved High performance products.

France

TIBBLOC

Specialist in the rental of turnkey equipment for the production of heating, cold, air conditioning, air treatment, steam and compressed air, Tibbloc intervenes with its energies in transition 24 hours a day, 7 days a week.

France

FORAFRANCE

Rennes SME specializing in services to industries on all "water" issues (purified water production, pure water distribution circuit, waste treatment, etc.).

France

OXY'PHARM

OXYPHARM manufactures and distributes biodegradable machines and products for automated surface disinfection and disinsection.

France

DIVERCHIM CDMO

French leader in the organic synthesis of original molecules.

France

BIOLANDES

Manufacture of products for perfumery and aromatics (natural flavors).

France

FILTRATION GROUP

Design, marketing and production of liquid filtration systems and consumables.

France

GEMACO S.A.

Gemaco is a company that distributes and processes severely corrosion-resistant stainless steels, refractories, nickel alloys and high and low temperature alloy steels.

Belgium

SISTO ARMATUREN SA

Under the SISTO brand, KSB offers diaphragm valves that provide shut-off functions in the building, industry, water and power plant sectors.

Luxembourg

EL ARGOUB

Provision of Agricultural Services EL Alia.

Tunisia

LFB SA

French Fractionation and Biotechnologies Laboratory.

France

EMDELEN

Industrial engineering - process integration - Feasibility - APS - APD - MOE - Effluent treatment.

France

ADARE PHARMACEUTICALS

Manufacture of medicines and medical devices, as well as in the development of technologies to control the release of drug assets.

France

MANUFACTURE FRANCAISE DES PNEUMATIQUES MICHELIN

Tire manufacturing.

France

V33 SA

Manufacturer and sale of paints, varnishes and stains.

France

V33 SA

Manufacturer and sale of paints, varnishes and stains.

France

FLOTTWEG FRANCE SAS

Centrifugal settling (solid/liquid/liquid separation) for highly charged liquids. Centrifugal separation (solid/liquid/liquid) for weakly charged liquids. Filtration by strip presses.

France

INGENICA INGENIERIE INDUSTRIELLE

INGENICA intervenes throughout the life cycle of industrial projects (50 to 100,000 hours of studies, 10 to 100M€ of investment), from the feasibility study to commissioning.

France

SOLYRO

French specialist in industrial valves and instrumentation, SOLYRO studies and provides creative and efficient solutions to the chemical, pharmaceutical and energy sectors, for construction and maintenance.

France

Preliminary list of participants - 27/11/2023

ANDRITZ AG

One of the technological and global market leaders in the hydroelectric sector, the pulp and paper industry, the metallurgical and steel industries, as well as in solid/liquid separation.

Austria

ELJ SOLUTIONS

FPS Food and Pharma Systems is a leading pharmaceutical and chemical company, developing, manufacturing and installing its own range of fine size reduction machines and containment solutions worldwide.

France

FINORGA - NOVASEP (GROUPE AXPLORA) CHASSE SUR RHONE

Novasep is a major provider of services in the field of production and purification of molecules for the chemical industries.

France

NSI MOBILE WATER SOLUTIONS

For urgent or temporary water treatment needs: semi-trailers and containers, assistance and availability, large flow rates, continuous production and PreAct prevention service.

France

HUVEPHARMA - LABORATOIRE MERIEL

Chemical products for animal-related disinfection

France

BLEZAT

Architecture & Engineering, Industrial Organization, Project Management, Construction Economics

France

RIO TINTO ALUMINIUM PECHINEY

Research and development in the production of aluminum or alumina engineering for the production of aluminum.

France

HOSOKAWA MICRON BV

Grinding equipment, micronization, installation under inert gas. Mixture of liquid powders. Vacuum drying. Drying. Powder compaction, granulation, spheroidization. Wet granulation, laboratory and industrial equipment.

The Netherlands

SEQENS

Chemical and pharmaceutical industry (specialty ingredients).

France

HAUPT PHARMA

Manufacturing of medicines for third parties (filling, mixing, packaging and laboratory analyses).

France

FOURÉ-LAGADEC

Multi-trade industrial maintenance: Mechanics, Piping, Boilermaking, Locksmithing, Maintenance Engineering. Unit shutdown works. Studies, Design and Implementation New works.

France

FOURÉ-LAGADEC

Multi-trade industrial maintenance: Mechanics, Piping, Boilermaking, Locksmithing, Maintenance Engineering. Unit shutdown works. Studies, Design and Implementation New works.

France

V33 SA

Manufacturer and sale of paints, varnishes and stains.

France

V33 SA

France

HTE GMBH

High throughput experimentation (R&D services and Technology Services)

Germany

BAIKOWSKI CHIMIE

Production of very high purity mineral oxide powders in powders and suspensions.

France

NOUVELLE SIDAC

Manufacturer of coatings, glues and paints. Today, SIDAC manufactures more than 4000 tons of paste coatings at its Vaulx-en-Velin site (69).

France

PROCESSIUM

Processium is a service provider specialized in the design, development and optimization of processes for the chemical, industrial biotechnology and bio-based chemistry industries.

France

VINCI FACILITIES INDUSTRIE INFRASTRUCTURES ET TECHNOLOGIE

Multi-technical maintenance, Energy performance and decarbonization of buildings, GER plan and continuous improvement.

France

Preliminary list of participants - 27/11/2023

ROUSSELET ROBATEL

Design, manufacture and marketing of industrial centrifuges for liquid-solid separation, extraction or liquid/liquid separation and rotary vacuum filters.

France

BWT FRANCE

Filtration, sterilization, softening, reverse osmosis, demineralization, deferrization, ozonation, water conditioning, waste treatment. Sectors: pharmaceuticals, chemicals, petrochemicals and cosmetics.

France

COMQUIMA EUROPE SL

COMQUIMA EUROPE. Comquima, is dedicated to the purchase and sale of equipment, used and refurbished, related to different types of production processes.

Spain

FINORGA - NOVASEP (GROUPE AXPLORA) CHASSE SUR RHONE

Novasep is a major provider of services in the field of production and purification of molecules for the chemical industries.

France

AXIMA EQUANS

Design, implementation studies, prefabrication, construction, commissioning, qualification, operation and maintenance of your industrial projects, from the process to the integration of specific equipment.

France

SOM INDUSTRIE

SOM, with its 40 years of experience in the industry, supports its customers in project management and control, industrial risk management, continuous improvement and maintenance methods, preparation and supervision of technical shutdowns, as well as AMOA studies.

France

FINORGA - NOVASEP (GROUPE AXPLORA) CHASSE SUR RHONE

Novasep is a major provider of services in the field of production and purification of molecules for the chemical industries.

France

NOKIA CLOUD AND NETWORK SERVICES

Global provider of end-to-end communications infrastructure and solutions to telecom operators, enterprises and the public sector

Denmark

EURECAT FRANCE SAS

Reprocessing of chemical and petrochemical catalysts.

France

DECAYEUX S.T.I.

Transformation of non-copper metals. Well equipped. Luxury industry.

France

SANOVI AVENTIS R&D (MONTPELLIER)

Pharmaceutical industries.

France

HPROCESS

Hprocess is the holding company that owns the entities GOAVEC Engineering, process tanks and turnkey solutions, GEPS, industrial audits and maintenance, ETA, technical and storage tanks, PMS, industrial agitators, SERVINOX.

France

AX PHARMA

Pharmaceutical, medical and biotechnology.

France

SPIE INDUSTRIE & TERTIAIRE

Industrial Environment Integrator, EIA, Pilot and Analysis.

France

CALYXIA

We develop at the R&D level and then produce on an industrial scale microcapsules for the consumer care, agriculture and advanced materials markets (chemical sector)

France

CALYXIA

We develop at the R&D level and then produce on an industrial scale microcapsules for the consumer care, agriculture and advanced materials markets (chemical sector)

France

BIO STERIL

Steam sterilization of medical devices, primary and secondary packaging of these devices.

France

GIVAUDAN LAVIROTTE GROUPE ISALTIS

Mineral salts, pharmaceuticals, cosmetics and food.

France

PULSALYS - MECAWARE

The startup Mecaware, incubated by PULSALYS and led by Arnaud Villers d'Arbouet, recycles end-of-life technological products, including batteries, to recover strategic metals and rare earths in an environmentally friendly way.

France

Preliminary list of participants - 27/11/2023

PATRIARCHE ARCHITECTURE

Architectural firm.

France

PATRIARCHE ARCHITECTURE

Architectural firm.

France

CALYXIA

We develop at the R&D level and then produce on an industrial scale microcapsules for the consumer care, agriculture and advanced materials markets (chemical sector)

France

EKIUM

A key player in the energy transition and decarbonisation, a multi-business engineering company with 2,500 employees in 12 countries (transformation, design, construction of their buildings and industrial equipment).

France

SAMSON REGULATION

Systems and solutions for fluid control and regulation. Our expertise: control valve technology.

France

H. BUTTING GMBH & CO KG

Industrial stainless steel boilermaking: we subcontract all types of components, parts on plan, mechanically welded and boiler sub-assemblies, skids. We cover the projects as well as the series.

Germany

TRANE FRANCE

Manufacturer of refrigeration units, heat pumps, air conditioning and air treatment (sale of equipment, maintenance and improvement of existing units)

France

LAETUS TRACK & TRACE

Track and trace specialist offering a wide range of solutions to serialize and aggregate packaging. Track & trace specialist offering a wide range of solutions to serialize and aggregate packaging.

Germany

NEXDOT PARC BIOCITECH

Synthesis of nanoparticles (Quantum Dots)

France

STÜBBE FRANCE

STÜBBE is a German manufacturer of thermoplastic centrifugal pumps as well as valves and instrumentation for corrosive, aggressive and abrasive chemical fluid transfer applications.

France

INTRASEC GROUPE THINKPROJECT

Intrasec develops artificial intelligence solutions dedicated to the operation and maintenance of industrial sites and assets for the pharmaceutical, chemical and petrochemical, water treatment and automotive sectors.

France

DRM, DR. MÜLLER AG

Develops, designs and manufactures filtration systems for solid/liquid separation in processing industries, as well as vibratory mixers and single-use technologies.

Switzerland

PANCOSMA FRANCE

Production of additives for animal nutrition.

France

SULZER CHEMTECH AG

Supply of completed equipment and plants for evaporation, distillation, extraction and absorption.

Switzerland

ERLAB DFS

Design and manufacture of recirculating fume cupboards and storage cabinets for chemical products for laboratories. Brands represented: GreenFumeHood®, Captair Flex, Captair Store, Captair Flow, Captair Bio, Captair Pyramid.

France

DELTA 2000 SRL

Delta2000 clean rooms are the result of evolving projects that consider technology and innovation as essential conditions, as well as quality materials...

Italy

GIVAUDAN LAVIROTTE GROUPE ISALTIS

Manufacture of essential oils.

France

DESMI

DESMI A/S is a global player specializing in the development and manufacturing of pumping systems for marine, industry, pollution control, defense and utilities.

France

Preliminary list of participants - 27/11/2023

ADISSEO FRANCE

ADISSEO is a world leader in the production of additives and nutritional solutions for animal feed.

France

WEST PHARM ALGERIA

Manufacture of medicinal product liquid form.

Algeria

SAMOA INDUSTRIAL

SAMOA is one of Europe's leading manufacturers of fluid transfer and management equipment and one of the world's largest, all thanks to state-of-the-art equipment and technology combined with highly qualified personnel. SAMOA designs, develops, manufactures and distributes its own products.

Spain

KNAUER BY MAZET

KNAUER manufactures high-end scientific instruments for research, analysis, quality control and other applications.

France

MB92 LA CIOTAT

La Ciotat Shipyard located on the French Riviera.

France

BIO STERIL

Steam sterilization of medical devices, primary and secondary packaging of these devices.

France

SYMATESE

Development and manufacture of medical devices based on collagen and hyaluronic acid.

France

ACTEMIUM LYON PROCESS & RÉALISATIONS

Specialized in the design, study and realization of new works of industrial processes in the trades of electricity, instrumentation and fine piping.

France

ACTEMIUM MAINTENANCE LYON MÉTROPÔLE

Attached to the VINCI group via VINCI Energies since the end of 2013, Cegelec Center Est Tertiaire is a key player in the field of Tertiary electricity.

France

PILI

Pili is a French company specialising in biotechnology.
France

COMPLUS

COMPLUS GROUP is a digital communication agency.
Monaco

PILI

Pili is a French company specialising in biotechnology.
France

VALORTECS

Valortecs SAS is the exclusive representative of European suppliers, experts in the design and functionalization of powders for the agri-food, human and animal nutrition, fine chemicals, cosmetics, biotech and industrial pharmaceutical sectors. Filtration, vacuum drying, grinding, micronization, granulation, coating, microencapsulation, isotechnics, are among our areas of expertise in particle engineering.
France

SOCIÉTÉ INDUSTRIELLE DES OLÉAGINEUX - ADM

ADM-SIO offers highly purified soybean, olive and sesame oils that meet key pharmaceutical regulations relevant to human and animal health applications.
France

Preliminary list of participants - 27/11/2023

HEALSHAPE

Development of natural solutions for breast reconstruction
France

VIATRIS / MYLAN LABORATORIES SAS

Pharmaceutical industry
France

GEA WESTFALIA SEPARATOR FRANCE SAS

GEA is one of France's leading suppliers of process equipment and turnkey solutions for the pharmaceutical and chemical industries. Centrifugal separation and high-pressure homogenization as well as components.
France

ARCADIS ESG

Natural & Built Environment Design & Consulting in Infrastructure, Environment, Water Management, Transportation, Bridges, Land Use, Mining
France

PHILBEE

Consulting, plant extraction expertise.
France
